## REPORT VILLA MOVING NORTHWARD

U. S. and Mexican Troops Believed to Be Closing in On Bandit

## DELAYS USING RAILROAD

Funston Awaits Conference of Gavira, General Bell and Mexican Consul Garcia

## GIVE AGREEMENT FAIR TRIAL

SAN ANTONIO, March 30.—After killing every one of the one hundred and seventy-two men in the garrison at Guerrero, Francisco Villa moved northward yesterday and now is somewhere near the headwaters of the San Maria river, according to unofficial information obtained by General Funston tonight.

At the head of a considerable force Villa was reported to be on the San Gerónimo ranch or the Quemada ranch and troops of both the United States and Mexico are believed to be closing in on him.

### Report Report as Correct.

This information was regarded by General Funston and his staff as probably correct. If correct, it appeared probable that very soon Villa either will have to face his pursuers in flight or make another break thru the tightening line of troops. Whether his assault on the garrison at Guerrero, was the same engagement reported by General Pershing, was not known, but it was considered likely as the action reported by General Pershing occurred March 27 somewhere in that region. Details of the engagement were not reported.

General Pershing has been advised of the report as to Villa's location and it is known that the disposition of his troops and that of the Mexican government are such that Villa cannot easily escape without a fight.

American troops are converging in columns from the north and it was indicated that a part of them had gone so far south that they would be able to join with the Carranza forces in preventing his escape in that direction.

### Details Using Railroad.

General Funston delayed using the Mexican Northwestern railroad today for the shipment of supplies to the troops in Mexico pending conference of General Gavira, commander of Mexican troops at Juarez, General Bell, post commander at El Paso and Andreas Garcia, Mexican consul at El Paso.

It is expected that shipments over that route will be begun tomorrow, but there was a disposition at army headquarters today to move cautiously. The failure of Carranza to give permission to guard the supplies was a sharp disappointment and a surprise to American army men and it was believed that even yet some arrangement might be made whereby supplies entering Mexico might be safeguarded.

The ordinary movement of supplies along the route from Columbus, N. M., continued today and until it is demonstrated that the rail route has proven satisfactory the long line of motor trucks will not be retired from service.

**Fear Second Raid on Columbus.** Columbus, N. M., March 30.—Two rumors spread broadcast thru Columbus tonight caused the credulous to fear that Villa is about to make a second raid on the community.

One story which grew as it passed from mouth to mouth was based on a suggestion made by Juan Fayela, a Mexican ranch hand employed by Mayor Hoover. Fayela who is said to have predicted the raid upon this town March 9, in which seven United States soldiers and eight civilians were killed, asserted that he believed that the bandit chieftain, with a small part of his band, had doubled on his trail and was now in the vicinity of Santa Maria, in the Guzman district, about 65 miles south of the border.

Close questioning by both military and civil authorities, however, elicited the fact that his belief was based on a newspaper story that Villa had turned to the north. Military authorities descredited the story. The heels of this story, a ranchman, whose name was not made public, reported to Major W. R. Sample, commandant, that he believed the actions of a Mexican family living about two miles west of the town, to be suspicious. He said that the lights in the windows on the south side of the house have been

Captain Hans Tauscher Is Arrested In New York City

## PLEADS NOT GUILTY

Accuse Tauscher and Fritzen Set on Foot Military Enterprise Against Canada

## FRITZEN NOT YET ARRESTED

NEW YORK, Mar. 30.—Captain Hans Tauscher, said to be an officer in the German navy and reputed to be the head of the Tauscher Arms company of this city as well as the American representative of the Krupp Gun Works, was arrested here today by federal authorities on a warrant charging conspiracy. Captain Tauscher is the husband of Johanna Gadski, the grand opera singer.

**Complaint Names Fritzen.** The warrant was sworn to on "information and belief" by William M. Offley, a special agent of the department of justice. The complainant in the case also names Alfred A. Fritzen, who is not yet under arrest.

Hess repeated his former statement that he was not given any signal, but did not dispute Ernst's claim that the signal might have failed to work and added:

M. J. Heffernan, chief inspector for the state utilities commission, late today said man-failure not machine-failure, caused the wreck.

"Engineer Herman Hess of the second section of Flier No. 86 will have to show why he ran past danger signals and crashed into the rear end of Engineer Leonard's first section," Hekernan said. "Towerman Ernst will have to explain why he stopped Leonard's section thus permitting Hess to run into it."

**Enters Plea of Not Guilty.** Tauscher was arrested at his office in this city and taken before United States Commissioner Haughton. He entered a plea of not guilty and held under a bond of \$25,000 for examination on April 15th.

The arrest of Tauscher and the naming of Fritzen in the complaint are said to have been the direct result of the examination by federal authorities of Horst Von der Goltz, also known as Brigadier Taylor, who arrived Tuesday from Liverpool on the Steamship Finland accompanied by a Scotland Yard detective.

The information furnished by Von der Goltz, it is said, completed a chain of evidence that federal authorities have been welding around six men for a year and a half. Other arrests are expected soon.

From representatives of the department of justice here it was today said that the plot in which Tauscher is alleged to have been implicated was the first of several believed to have been originated in the United States and having the destruction of the Welland Canal as their purpose.

### Pack Explosive in Suit Cases.

The explosive was fitted with fulminating caps and electrical devices for exploding them, after which it was packed in six suit cases that the alleged conspirators took with them over the New York Central railroad to Buffalo and from there to the Niagara Falls. From this point the journey was interrupted for some reason which the federal officials refuse to disclose at present and the party is said to have returned to this city with the dangerous baggage.

In outlining the evidence against Tauscher and his alleged confederates, federal agents said today that soon after the war broke out, a party of six men purchased from an explosive company in this city a quantity of dynamite.

Federal officers declared that details of the alleged plot have been known ever since its failure.

Information regarding Fritzen was withheld. It was said however that all six of the alleged conspirators are in the United States. Tauscher is understood to have asserted today that he was not in the United States on the date of the conspiracy as alleged to have been formed, and that he did not return until nine or ten days later.

**To Continue Strike.** Liverpool, Mar. 31.—Ten thousand dock workers here have decided to continue their strike, rejecting the terms of the arbitration award, which granted about half of their demands.

### STORY PROVES UNTRUE.

Marfa, Tex., March 30.—An effort made tonight by telegraph to learn the details of the reported assassination of Mayor Rodriguez of Ojinaga, across the border from Presidio, brought a reply from the latter town that the story was untrue. The announcement of the alleged murder was made earlier in the day by General Gavira, the Carranza commander at Juarez, who said he had received information to the effect

## TELEGRAPHIC BRIEFS

FLORA, Ill.—An eastbound passenger train on the Baltimore and Ohio was derailed here. The engineer was killed. No passengers were injured.

NEVADA, Ia.—Frank Hise, of this city, is in a hospital here in a serious condition. Hise had caught cold and decided to take some cough medicine. He got hold of the wrong bottle—one which contained hydrochloric acid.

ST. LOUIS—Mrs. May Messenbaum, a widow, shot and killed Sam Resnick as he started to leave a room in the rear of her store. She said she killed him because he had refused to marry her, tho he had promised to make her his wife.

DES MOINES—Following a meeting of the small arms advisory board of the Iowa National Guard, it was announced that the annual state shoot will be held at Camp Dodge near here September 18 to 22.

SAN FRANCISCO—Judge Maurice T. Dooling overruled demurrers to the bomb plot indictments against Franz Bopp, German consul general, Baron E. H. VonSchack, vice-consul, Baron George Wilhelm VonBrinck of the German army, identified with the suit.

SPRINGFIELD, Ill.—Governor Dunne has accepted the resignation of Dr. A. Szajkert as a member of the state board of health. Pressure of business was given as the reason. The vacancy on the board has not been filled.

VENTURIA, Cal.—A bandit held up the Ojai State Bank at Nordhoff, 16 miles north of here, kept Miss Mabel Isenberg, the assistant cashier covered with a pistol and escaped with cash estimated at between \$2,000 and \$3,000.

SPRINGFIELD, Ill.—Julius Johnson, inheritance tax agent, has handed his resignation to State Treasurer Russel. Mr. Johnson said he was a candidate for the Republican nomination for auditor of public accounts and planned to begin his active campaign at once.

OTTAWA, Ont.—Announcement has been made that the government will create a royal commission to investigate the charges made by G. W. Kyte, a member of parliament, that middlemen's profits amounting to \$1,500,000 were gained thru the awarding on contracts by the Canadian shell committee.

SPRINGFIELD, Ill.—Julius Johnson, inheritance tax agent, has handed his resignation to State Treasurer Russel. Mr. Johnson said he was a candidate for the Republican nomination for auditor of public accounts and planned to begin his active campaign at once.

VENTURIA, Cal.—A bandit held up the Ojai State Bank at Nordhoff, 16 miles north of here, kept Miss Mabel Isenberg, the assistant cashier covered with a pistol and escaped with cash estimated at between \$2,000 and \$3,000.

WESTON, Mo.—The infantry actions ceased temporarily, but the bombardment of the artillery continued in the region of the Malancourt.

Fighting still is going on between the British and Germans along the British end of the French line, particularly near St. Etier, where German grenade throwers have succeeded in reaching a portion of mine crater held by the British. Near Boesinghe the British put down an attempted attack by the Germans.

Strong forces of Austrians and

Italians are aligned against each other in the Gorizia sector of the Austro-Italian front. On the heights of Selz spirited fighting is taking place for the possession of trenches.

Elsewhere along the front the artillery duels continue.

Berlin says the big offense of the Russians in the region of Postay has ceased and that the Russians also have given up their attacks around Lake Naroc. Artillery duels, however, are going on around Jacobstadt and to the north of Vidy.

**Issues Order-in-Council.**

LONDON, March 30.—An order-in-council was issued tonight "where neither a vessel nor her cargo shall be immune from capture for a breach of blockade upon the sole ground that she at the moment is on her way to a non-blockaded port."

The order effective from Mar. 30 sets forth that, subject to certain modifications and omissions, the government has put in force the declaration of London respecting the capture of merchant craft during the war. Certain doubts, however, have arisen concerning the right to effect the capture of conditional contraband on a vessel bound to a neutral port" which it is "expedient to put an end to," and it has been decided no longer to adopt Article 19th of the declaration which provides that "whatever may be the ultimate destination of a vessel or her cargo cannot be captured for breach of blockade if at the moment she is on her way to a non-blockaded port."

**Greeks Fire on British Ships.**

Berlin, March 30.—By wireless to Tuckerton—the Overseas News agency says advices have been received from Italian sources to the effect that the Greek batteries at Piraeus fired on British ships which attempted to take away Greek vessels anchored there.

"It is reported further," the news agency says, "that the British landed troops at Piraeus and also at Patras, where they arrested officers of German and Austrian vessels which had been lying there since the beginning of the war. The civilians interfered with the landing of British soldiers at Patras when an attempt was made to arrest a German engineer whereupon the British ship left. At Piraeus also the British ships sailed away on being shelled by the Greek batteries."

**START FIGHT ON**

SAN JOSE SCALE.

Quincy, Ill., Mar. 30.—A fight on San Jose scale in orchards was started in Adams county today when a number of the members of the Mississippi Apple Growers' association and local orchardists witnessed the first demonstration of spraying by U. P. Flint, assistant state entomologist. A lecture was given by Prof. A. J. Gunderson of the Horticultural department of the University of Illinois. Many orchards in western Illinois are affected by the

scale.

**PRISONER CONDEMNED TO HANG FOR MURDER REFUSES TO WORRY**

DANVILLE Ill., Mar. 30.—John Murphy, who is condemned to be hanged April 14, for the murder of George and Louis Lang, refuses to worry. When Sheriff Williams visited his death cell yesterday he asked Murphy if he would like a little exercise. "A short walk for instance," the sheriff said.

"If it's all the same to you, persons, their vote and the right to skip the rope," Murphy replied. "I'd like hold any office would be taken from them."

## FLOODS INTERFERE WITH TRAIN SCHEDULES

TRAIN REACHING QUINCY FROM MISSOURI PLOW THRU WATER

RIVER CONTINUES TO RISE SLOWLY—CREST OF FLOOD AT CINCINNATI IS EXPECTED TO BE REACHED SATURDAY—WATER OF RED RIVER HIGHEST IN TEN YEARS.

QUINCY, Ill., March 30.—Trains reaching Quincy from Missouri today were plowing thru from two to ten inches of water, due to the flooded conditions of the Mississippi. All were running late because of the dangerous condition of the roadbed.

Between Canton and Alexander, Mo., on the Burlington, the water is about ten inches deep and train service was expected to be suspended if the river continued to raise. Above Alexander for eight miles the water is said to be two feet deep on the tracks. On the Quincy-Kansas City line trains are operated slowly thru almost foot of water.

Reports that the Indian Grove drainage district levee might break at any time reached the city tonight.

The Strecker steamboat line boat-house and freight depot is being weighed down with brick in order that it may not be displaced.

The river continues to rise slowly. At midnight the river stage was 17.9 feet, a rise of 9 1/2 inches in twenty-four hours. The highest ever recorded here was 20.6 feet in 1903.

**ISSUES FLOOD BULLETIN.**

WASHINGTON, March 30.—The weather bureau tonight issued this flood bulletin:

"The Ohio river at Parkersburg is now 1.1 feet above the flood stage of 36 feet, and at Cincinnati, 5.5 feet above the flood stage of 50 feet. It is expected to come to a stand on Saturday as far as Cincinnati with a stage of 53 feet or slightly over. The crest of the flood will pass Madison, Ind., and Louisville, Ky., by Sunday with stages about two feet below the flood stages of 46 feet and 28 feet, respectively. Warnings have also been issued for the Mississippi between Quincy, Ill., and Louisiana, Mo., with stages three or four feet above the flood stage on Saturday."

**HIGH IN TEN YEARS.**

FARGO, N. D., March 30.—With the water of the Red river at the highest stage it has reached here during the past ten years due to a remarkable rise during the past twenty-four hours, the dangerous stage has been reached in the lower sections of the city, where dwellers are deserting their homes for higher ground.

Between here and Grand Forks a large section of the low lying country is under water. At Grand Forks the river has risen six feet in the last twenty-four hours.

**OUTSIDE THREE MILE LIMIT.**

The holdup took place outside the three mile limit and federal authorities here say that this government, under the circumstances, probably will have nothing to do with the matter.

Schiller, they say, will be returned to the Matoph and turned over to

British officials at St. Lucia, where the vessel will stop for coal. The Matoph sailed from New York yesterday for Vladivostok with a cargo consisting chiefly of barbed wire and farm implements. She passed out Sandy Hook at 6 o'clock in the evening and two hours later, upon entering his cabin, Captain Bergner says he was confronted by a young man with a revolver in each hand.

"Hands up and not a sound if you value your life!" was the command that greeted him.

The captain was then bound hand and foot and locked in his cabin promising, under penalty of death, not to raise an alarm. Then cautiously making his way to the wireless cabin the stowaway who is about 25 years old, put the instrument out of commission and threw the ship's guns, consisting of six rifles, overboard. He then returned to the captain's cabin, rifled the safe and destroyed many important papers. He had expected, he told Captain Bergner, to find at least \$10,000 in English money aboard the Matoph, but in this he was disappointed.

**NO MONEY IN SAFE.**

There was not a penny in the safe. Later, however, Schiller compelled the captain and the first officer to hand over their pocketbooks containing a total of about 30 pounds sterling.

With Captain Bergner still a prisoner in his own cabin Schiller proceeded to round up the crew of fifty-six men, all of whom were in their bunks. He lined them up in one end of the ship and threatened to blow everybody to pieces with bombs he said he had placed in different parts of the vessel if anyone made a move.

At 4 o'clock this morning Schiller released Captain Bergner and still gripping a revolver in each hand, ordered the steamer headed toward the shore. Other officers and members of the crew were likewise ordered to their places and told to put on all speed for the Delaware Capes. When the Matoph came within sight of land about noon, Schiller ordered a small boat lowered to take him ashore. Meanwhile the steam-

### For President

L. Y. SHERMAN.

### For Governor

ANDREW RUSSEL.

### Carranza Co-operating.

General Carranza, the he has frequently been accused of bad faith, has now given evidence of a good intent by granting authority for the use of the Mexican Northwestern for carrying supplies. If Carranza continues to co-operate in efforts to locate the bandits and is able to keep his own forces loyal, the Mexican situation will be relieved of much of its difficulty.

### Encourage Enlistment.

The Youngstown Sheet and Tube company has manifested some practical patriotism in preparedness plans by the announcement that all employees who so desire may become members of the National Guard, with the knowledge that if they are called away on duty that their wages will go on uninterrupted while they are in attendance at the annual training encampments. The officers of the company believe that this announcement will aid quite materially in securing enlistments.

### Congress Behind with Work.

Senator Underwood declares that he has not seen a congress in twenty years where business is so far behind as it is this year. It is now taken for granted that the session will extend well into the autumn; and many doubt if an adjournment can be taken before election day. Out of fourteen appropriation bills only one—and that the least important—has been passed. The president has pleaded with his party leaders to expedite the administration program, but the incoherent majority is unable to adjust its internal differences and is appealing, in turn, to the Republicans to help. This is not a Republican problem, however.

### The Way to Live Long.

Amelia Barr, the well known novelist who has just celebrated her eighty-fifth birthday, declares that the most common reasons for ill-health—and death for that matter—are routine, anger and worry. Frequently the recipes that old and successful people give for long life are not worth much, but Mrs. Barr's suggestions have much in them that is practical. There are few of us who can get away from routine work, and in fact most any kind of work that sums up our daily tasks becomes a matter of routine. But as to anxiety and worry, that is another matter, and few there are who cannot get rid of these things that wear us

### Rippling Rhymes By WALT MASON

**SUPERFLUOUS WORDS**

Bill Jinks can't say, "It's a pleasant day," in just clear round the clock till he scares away the birds. He'll go 'way back to the almanac of the year when Adam died, to find a day that was bright and gay like the one that's about to slide. He'll talk nine hours to do

scribble the showers that fell on the ninth of June, and to prove to you that all rains are due to the changes

of the moon. He'll talk three weeks,

till his jawbone creaks, and his larynx slips a cog, to show that sleet will destroy the wheat, that snow is but frozen fog. Now, you and I, as we teeter 'by, can say, "It's a pleasant morn," and we will not stop to discuss the old pumpkins and beans and corn. But old Bill Jinks

is full of kinks and he simply can't be brief, and his tongue must clack

the wilkins crack, and he causes lots of grief. It grieve Bill Jinks

that the whole world shrinks with

pain from his dance and song, and he wonders why all the people shy,

whenever he comes along.

away so uselessly, if we but make the earnest effort. "Worrying" and "getting mad" are conditions really largely a matter of habit, and the person who spends any time at all in retrospection and self study knows how much of nervous energy they consume. The average person who "gets mad" is mighty sorry a little later and thinks how foolish it was to "fly off the handle," and thus consume his own nervous energy and at the same time irritate or hurt others. That is the state of mind before anger gets to be a habit, for after a while one ceases to consider the unfortunate results to himself and to others from the habit. Certainly Mrs. Barr's system of longevity is worth studying.

### A Monument to Soldiers.

The movement inaugurated by Morgan county veterans to have erected here a monument in memory of soldiers who have enlisted from the county in various wars is worthy of support and encouragement. An article elsewhere in this issue from Capt. J. M. Swales mentions that the first contribution has been received and that it comes from non-residents. No doubt local people will speedily show an interest in the cause for there is certainly no lack of appreciation here of the great debt which the community of today owes to the soldiers who have given life health or property for the preservation of the country. It is to be hoped that the movement the veterans have inaugurated will speedily receive the hearty support that it deserves.

### Baseball Squabbles.

All baseball magnates interested were not satisfied when officers of the National, American and Federal baseball leagues came to an understanding and the Federal league practically went out of business. A suit has been filed in Philadelphia by the Federal league club of Baltimore claiming \$900,000 damages. The National and American leagues, together with James A. Gilmore, Charles E. Weegham and Harry Sinclair, formerly of the Federal league, are named as defendants. The organization of the Federal league two or three years ago, it is claimed, was for the definite purpose of securing an interest in the National league by several of the men who promoted the Federal organization. When they were able to secure that interest they were willing that the Federal should go out of business, but all of their associates were not pleased with that turn of events. Some day the public will get so disgusted with commercialized baseball that it will cease to be preferred.

### Would Greeley Say "Go West, Young Man" Today?

"Many young people have remembered the first half of Greeley's famous dictum, 'Go West, young man,'" says a writer in the April Woman's Home Companion, "and have forgotten the second half, and grown up with the country." They forget that Greeley gave that advice more than fifty years ago; they know in a vague sort of way that the West has had a marvelous development in the past half century, but they still think of it as being particularly a land of promise, a land where new enterprises spring up so quickly that there is always a shortage of men, and everybody is more good-natured than anybody in the East because everybody is more prosperous.

The West, in spite of all its attractions, no longer answers this rosy description. Our railroads have really abolished the economic differences that once so distinguished the West from the East. Certain cities in the West are still growing very rapidly, but so are cities in the East. I have seen the time within ten years, in Montana, when day laborers were paid three dollars for the most ordinary kind of work, and contractors were stealing men from each other, so great was the shortage. But I have also seen, during the panic of 1907, as great if not greater distress in the West than I saw in the East.

In other words for the average young man without capital there are just as many opportunities in the East as there are in the West. Certain cities in each section at certain periods offer special advantages. You can no longer measure the value of an opportunity by its location on the map.

"At any rate, he should be very certain what he is going to do before he gives up his present position. He should have some more definite goal in mind than just somewhere in the West—a will-o'-the-wisp that has ruined many a young man's business career."

## FIELD MINSTRELS HEARD IN SUCCESSFUL PROGRAM AT GRAND

Large Audience Expressed Approval of Music and Fun as Detailed by Well Known Organization.

Al. G. Field's Greater Minstrels appeared at the Grand opera house last night and a large audience was present to enjoy an old time minstrel program. When a minstrel show comes to the opera house, in addition to the regular patrons, there are always included a great many others who enjoy such a program more than anything else in the theatrical line. Field's reputation as one of the famous figures in the minstrel world was well sustained last night as the company he has gathered together lacks none of the old time ability. The ballads, songs and choruses were all of high order and the comedy work was of the class which has added to the Field reputation from year to year. There were a great many novelties in the program last night and in every way the "show" proved a revel of fun and music which thoroughly pleased the audience.

## MORTUARY

### Bolton.

Mrs. Charles Bolton died Thursday morning at 9:15 o'clock at her home two and one-half miles south of Nortonville. Mrs. Bolton was forty-two years of age and had been ill for the past week. Pneumonia was the cause of death. Mrs. Bolton whose maiden name was Ella Gillan, was reared in Kentucky and came with her husband to Morgan county about six years ago. Her parents, Mr. and Mrs. W. B. Gillan, and a sister, Miss Blanche Gillan, reside in Franklin. She leaves two daughters, Mrs. Kate Ash of Chicago, and Miss Mabel Bolton at home, and a son, Claud Bolton. Two brothers survive, Lee Gillan of Iowa and Virgil Gillan. Mrs. Bolton was a member of Union Grove Baptist church and was at all times a conscientious and faithful Christian worker. Her death will be noted with regret by a large number of friends.

Funeral arrangements will not be made until after arrival of her daughter, Mrs. Ash from Chicago.

### Willoughby.

Mrs. Jean Willoughby died at her home at Riggston Thursday morning at 1:20 o'clock. Death resulted from a stroke of paralysis which occurred about three months ago. Mrs. Willoughby was the daughter of John B. and Amelia Tribble Fanning and was born near Nortonville June 4, 1864. When she was 18 years of age she was united in marriage to John Willoughby. To this union eight children were born, one of whom died in infancy. Those surviving are: John, George, Charles, William, Mary, Fred and Margaret, all of whom reside at home. The following brothers and sisters also survive: Sherman, Richard, Thomas and Harvey Fanning, Mrs. Mollie Cooper, Mrs. Sarah Meade, Mrs. Laura Andrews and Mrs. Mary Coombs.

The remains were brought to this city and taken to the undertaking parlors of W. W. Gilham. The funeral will be held from the home of Carl D. Meade, 409 East North street Saturday morning at 10 o'clock and interment will be in Jacksonville cemetery.

### Landreth.

James H. Landreth died at Passavant hospital Thursday afternoon at 4 o'clock after an illness of several weeks of pneumonia. Deceased was the son of John and Anna Landreth and was born at the old family home, four and one-half miles south of Lynnville, June 21, 1865. His parents preceded him in death several years ago. Mr. Landreth was united in marriage Jan. 22, 1895, to Miss Laura C. Steer. His widow and son, Clyde, survive. One brother, Edward Landreth, of this city and two sisters, Mrs. Charles Brown of Alton and Mrs. Elizabeth Dobbins of Los Angeles, Calif., also survive. Mr. Landreth was a well known citizen of the city. For many years he worked at contracting in this vicinity. Recently he has resided in South Jacksonville. Funeral arrangements have not yet been made.

### Morrison.

A telegram received Thursday by Miss Alice Turley brought news of the death of her uncle Thomas Morrison at his home in Plainview, Hale county, Texas. The deceased was a son of Mr. and Mrs. James Morrison, who for many years lived on a farm a few miles south of Naples. He was the last surviving brother of the late Mrs. M. A. Turley, three brothers having preceded him in death. Mr. Morrison was seventy-five years of age and is survived by his wife and one son. For a number of years he had been residing in Texas and was engaged with his son in the lumber business at Plainview. Mr. Morrison will be well remembered by a great many Jacksonville people as he was a frequent visitor here in earlier years.

### Ferris.

Mrs. E. W. Barnett received a telegram Thursday evening announcing the death of her brother, John Ferris, at his home in Paynesville, Mo. Mr. Ferris died early Thursday morning. He was a former resident of this city having resided in Paynesville about two years ago. He is survived by two sisters, Mrs. E. W. Barnett and Mrs. Cynthia Trumbo and two brothers, Levi and Herbert Rose, all of this city. They will leave today for Paynesville to attend the funeral which will be held Sunday afternoon.

## Why Batteries Don't Last Forever

After repeated inquiries as to what the life of a storage battery should be, the subject has been covered in brief by the Willard Storage Battery Company of Cleveland. They contend first of all that its life depends upon its construction, its care and service it receives.

"Take all together, a storage battery well cared for costs less to maintain than any other accessory as vital. If kept charged at proper rate and filled with pure water, the life of a first-class battery averages from 1 1/2 years up.

"At the same time, a battery, however well made and well cared for, will wear out and must be renewed. It is an electrochemical apparatus constantly changing its condition, to supply current for lamps and starter. The better the materials, care and factory service, the longer its life. Some motorists believe a battery should last indefinitely like a spring or an axle, but this belief is being overcome by the educational measures of progressive manufacturers who want their customers to know why certain facts are facts."

The Willard Company has done much along these lines and the result is evident in the better batteries are receiving everywhere.

## REPORT VILLA MOVING NORTHWARD

## GERMAN STOWAWAY HOLDS UP STEAMER

(Continued from Page One.)

dashed in such a way that it might indicate they were signals.

**Problem Changes to Mysterious**  
El Paso, Tex., March 30.—The problem of forwarding supplies to the American base at Colonia Dublan by way of the Mexico Northwestern railroad has changed from the perplexing to the mysterious to-night. General Bell, apparently on receipt of instructions from Washington similar to those sent to General Funston, announced that he could give no information to the press regarding the situation and other officers and officials were equally uncommunicative. The one definite fact is that no supplies have been sent as no train has left Juarez in the last two days.

J. O. Crockett, vice president of the Northwestern railroad, said to-night that he knew of no arrangements for sending out of a train or of supplies, but that he had a train ready any time it was needed.

From the little that could be learned here, it appeared that the question of gasoline supplies is one that is causing the military authorities the greatest anxiety. The motor truck trains are taxed to their capacity to keep an adequate quantity of food and forage moving forward. The amount of gasoline required by the trucks themselves and for the aeroplanes is very large and constantly growing in volume.

**Many Wild Rumors Afloat.**

The most reliable information about Villa places him somewhere in the fastnesses of the great continental divide, many miles south of Nauquipa, and fleeing in an easterly direction with Parral as his objective. So far as the actual pursuit of Villa is concerned, the absence for several days of any definite news has given a new birth to the wild rumors and fantastic stories which flooded El Paso up to a week ago.

The bandit chief has been reported in almost every conceivable place on the map and in a number that are utterly inconceivable.

One of the wierdest tales circulated among the newspapermen here was promptly nailed by the police when they arrested Eduardo Perez, the father of the yarn as a vagrant. Perez had told a marvelous story of his adventures, which included an account of how Villa himself was desperately wounded in the raid on Columbus and was now in hiding in a ranch three miles from the border.

He confessed the fabrication when confronted with letters received by him at San Antonio during the very periods he claimed to have been in Mexico.

Lieutenant Joseph W. Allison, Jr., who died here yesterday from pneumonia contracted at the front, was given a military funeral preparatory to shipping his body to West Point, where it will be buried.

**To Give Agreement Fair Trial.**

Washington, March 30.—General Carranza's agreement for "commercial" use of the Mexico Northwestern railroad for transportation of supplies to the American expedition hunting Villa will be given a fair trial and in the meantime the United States will not press for an extension further definition of the arrangements.

General Funston has been instructed to proceed with shipments to Pershing's columns under such conditions as the Mexico de facto authorities may prescribe and yesterday's determination to seek a more satisfactory understanding will not be carried out unless it is found unpracticable to transport promptly and safely necessary supplies subject to the restrictions imposed.

Reports to the war department tonight showed that General Funston was preparing to tender his first consignment to the railroad and it is expected that it will be done tomorrow.

Doubt regarding Carranza's agreement is expressed freely in official quarters.

Secretary Lansing, like Secretary Baker, however, said tonight that it remained to be seen what results would be obtained.

There were no important military developments reported in dispatches received here today.

Arrangements were made today by Secretary Baker to supply General Pershing more aeroplanes and cavalry horses as quickly as possible. Purchase of eight biplanes at a cost of \$80,000 was authorized. Delivery of all within thirty days was specified. They will be of 150 horse power, the most powerful of the army's aerial equipment.

The carriage of the goods to their destination to be direct or entail trans-shipment of subsequent transport by land.

This provision is made applicable also to absolute contraband.

**TO HOLD MEETING IN INTEREST OF PREVENTION OF BLINDNESS**

Scientists and Others Interested Will Confer Today With Members of Illinois Society.

Chicago, March 30.—Scientists and others interested in the prevention of blindness will meet tomorrow for a conference with members of the Illinois Society for the Prevention of Blindness. The purpose of the meeting is advancement of the work through the state.

Dr. C. St. Clair Drake, secretary of the state board of health, said tonight that a campaign of education for instruction of the public in the prevention of prevalent diseases of the eye is under way and the furtherance of this plan will be one of the subjects discussed at the conference.

Among those who will speak at the conference is Miss Von Blaum of New York, active in the field of prevention of blindness among children. A movement is in progress to secure Miss Von Blaum as an investigator for the Illinois Association for the Prevention of Blindness to act throughout the state except Chicago. Co-operation in the work will be asked from the Chicago health authorities.

**HALF OF MINES IN SPRINGFIELD DISTRICT TO CONTINUE OPERATION**

Announcement Is Made by Officers of Peabody Interests and Other Companies.

Springfield, Ill., March 30.—About half of the coal miners in the Springfield district will continue to operate after tomorrow, when the agreement with miners expires, although the quantities of coal are said to have been stored against a cessation of work on the part of miners pending a new agreement in Illinois.

This announcement was made here today by officers of the Peabody interests and other local coal mine companies.

Some uneasiness is expressed by operators as to what the miners' unions will do, inasmuch as delegates at the state convention refused to approve the national agreement and submitted the question to a referendum vote.

Two years ago miners declined to work until all terms of settlement had been signed.

Tomorrow is a state holiday among miners in celebration of the anniversary of the passage of the 8-hour day law.

**DIRECTS INVESTIGATION OF RISE IN PRICE OF GASOLINE**

WASHINGTON, Mar. 30.—An investigation by the attorney general to determine whether a criminal conspiracy is back of the rise in the price of gasoline, is directed in a resolution introduced by Senator Martine and adopted today by the senate.

Many senators joined in urging the investigation. They said the sudden increase in the cost of gasoline had brought floods of letters and telegrams of protest from their constituents.

A preamble to the resolution which declared that the oil market was controlled and that price fixed by a trust, the Standard Oil company, aroused vigorous opposition and finally went over until tomorrow without a final vote when debate on the army bill was resumed. A motion to table the preamble was defeated 35 to 23.

Senator Martine gave notice he would seek a final vote tomorrow.

Shall the U. S. Abandon the Monroe Doctrine? Hear Illinois-Monmouth debate tonight. Jones building, 8 p. m.

**SHIPPING CONCERN SEEK TO LEARN WHEN CANAL WILL RE-OPEN**

PANAMA, March 30.—Notwithstanding the official prediction by the war department at Washington that the Panama canal would be open for traffic on April 15, many shipping concerns are importuning Lieutenant Colonel Harding, engineer of maintenance, with cables asking for a positive statement whether the canal will be ready for re-opening on that date.

Colonel Harding invariably informs these inquirers that conditions in the Gaillard cut justify the prediction.

Secretary Lansing, like Secretary Baker, however, said tonight that it remained to be seen what results would be obtained.

There were no important military developments reported in dispatches received here today.

Arrangements were made today by Secretary Baker to supply General Pershing more aeroplanes and cavalry horses as quickly as possible. Purchase of eight biplanes at a cost of \$80,000 was authorized. **REMOVE ALL FOOT AND MOUTH DISEASE QUARANTINES**

WASHINGTON, Mar. 30.—All foot and mouth disease quarantines and restrictions on the shipment of livestock are removed by an order issued today by the department of agriculture to become effective tomorrow, with the announcement that the country is now entirely free of the dread stock scourge. Specifically, the order removes the quarantine from a small territory in Christian county, Illinois, the last area under suspicion. The fight against the disease which at its height spread over twenty two states, has cost the federal and state governments and stock owners millions of dollars.

**MRS. ELIZABETH ALMEY OF BLUFFS DEAD AT AGE OF NINETY-SEVEN**

Born in England Before Illinois Was Admitted to the Union—Has Resided in This State Half Century—Knew Queen Victoria.

Bluffs, March 30.—At 1 o'clock Thursday morning the death messenger came and summoned Mrs. Elizabeth Almye to her final home.

Mrs. Almye was born in Lincolnshire, England, April 7, 1818, at the time of her death 97 years, 11 months and 23 days old. At the age of 20 she was united in marriage to James Metheringham of Lincolnshire, England. To this union ten children were born, five of whom survive her. John Netheringham, Camp Point; William, Clayton; Mrs. Caroline Green, Lincoln; Mrs. Sue Arnold, Ottumwa, Iowa, and Mrs. C. Castle, Bluffs. Her first husband died in 1864. Ten years later she was married to Thomas Almye who died in 1884. One son, James Almye, of the second marriage survives her. "Grandma" as she was familiarly called by her many friends will be greatly missed.

In her early days Mrs. Almye knew the late Queen Victoria and had been her little playmate. She lived under the rule of King George the IV, King William the IV and Queen Victoria. She came to America in 1849 and settled in Monmouth county, N. J. In 1857 she removed to Adams county, locating at Comfort, then a town of three houses. In 1867 she purchased a farm two and one-half miles south of town and resided there until 1902 when she rented her farm and moved to Bluffs.

She was a member of the M. E. church and was a faithful attendant at both church and Sunday school when her health would permit.

Despite her years she was in full possession of her mental faculties almost to the last.

Funeral services will be held at the M. E. church at 10 a. m. Monday, the Rev. N. R. Johnson of Waverly officiating.

**Eighth Birthday Anniversary.**  
Margaret Pauline Meats entertained twelve of her little friends from 4 until 6 o'clock Wednesday evening in honor of her eighth birthday.

JACKSONVILLE RAILWAY AND LIGHT COMPANY SWITCHBOARD  
The Jacksonville Railway and Light Company on Thursday cut in on the new switch board which has recently been installed in the power plant. The board is placed on the east end of the Power room and is the most complete board ever installed in the city. The first cut in on the board was made in forty seconds. The second was made in fifty seconds and the third cutin re-

quired thirteen minutes. The plant is now operating on the new switch board and it is expected that there will be no trouble in the future as the new board will carry much more than is now required of it.

## MEXICAN NEARLY ENDS BANDIT VILLA'S CAREER

### BREAKS FROM CAPTORS—TRIES TO STRANGLE VILLA.

Man is Beaten Senseless by Villa Officers—Kill Five as Warning to Mexicans Against Dealing with Americans.

Field Headquarters, American Expeditionary Forces, Colonia Duran, Chihuahua, Mexico, Mar. 26th—by Motor truck to Columbus, N. M., March 30.—It has been learned here that Francisco Villa nearly lost his life a few days ago at the Corralitos ranch, a short distance from this place, where he tortured and put to death five Mexicans. One of his victims leaped upon him and was strangling him when the Villa officers beat them assailant senseless with the butts of their guns.

Mucio Polanco was the name of the Mexican who almost succeeded in ending Villa's career. The number of five members of the Polanco family was said to have been intended as a warning to other Mexicans against having dealings with Americans. Investigations showed that the Polanco family was involved with no political faction in Mexico but that they had a record of uniform honesty and reliability in dealing with the American managers of the Corralitos ranch where they were born and reared.

When Villa, retreating from Columbus, arrived at Corralitos ranch, he had a list of all the Polancos, six men, the mother and two daughters. He seized the men and hunted for the daughters, but the young women had been hidden so well that he never found them. To five of the men, Gregorio and his two sons, and Mucio and his one son, Villa said: "I am going to kill you because you are too Americanized. You are gringo lovers."

But instead of killing them outright Villa had them partly stripped and then beaten with the flats of heavy swords. Mucio Polanco broke away from his captors and got one hand locked about Villa's throat before he was beaten off.

Next Villa ordered the five stationed beneath a huge archway where he told them he would hang them. Ropes were placed about their necks and they were jerked into the air, but were not permitted to die. Just when loss of consciousness approached they would be lowered to earth with demands that they reveal the hiding places of the horses said to be hidden about the ranch. There were no horses so far as investigation has disclosed. The prisoners also were offered their lives if they would tell where money was hidden or point out valuable documents.

Finally Villa ordered the five men taken into the garden, where each one was shot five times.

To the residents of the ranch, all Mexicans, Villa said:

"You may bury them or not, as you please."

They were all buried in one grave after Villa left.

Before going Villa led one male member of the family, Gregorio Jr., aged 21, whose life had been spared, back to the young man's mother and to her he said:

"I am going to leave you this one son to support you. You ought to thank me for leaving him."

Next the bandit imprisoned each of the workmen on the ranch, placing them in separate rooms. When he had them all locked up and all terrorized, he went to each one in turn, warning him in these words:

"I am coming back and if I don't return, some one else will come in my place. Whoever comes will kill anyone here whom he finds working for Americans."

LAND OF CHARLES WOOD SOLD TO SATISFY JUDGMENT

United States Deputy Marshal Dahlman was in the city Thursday and sold the interest of Charles Wood in a farm near Pisgah to satisfy a judgment of Taylor & Son of Kansas City. Mr. Dahlman was accompanied by Assistant United States Deputy Marshal Metcalf and Judge Clarence Jones, both of Springfield.

The claim of Taylor & Son was based on a deal which Charles Wood made with them in Kansas City. Mr. Wood purchased about \$69,000 worth of cattle and then cancelled the order. Taylor & Son asked for damages in the sum of \$10,000 for loss sustained by Mr. Wood not fulfilling his contract. The suit was brought in the federal court and damages in the sum of about \$9,100 was allowed. The sale was to satisfy this judgment.

Prior to making the purchase of

Taylor & Son Mr. Wood had given a first mortgage on his farm, situated near Pisgah, to the Sangamon Loan and Trust company for \$10,000. He also gave a second mortgage of \$10,000 to Charles B. Graff. The sale was made subject to these mortgages. Judge Jones purchased the property for the creditors. The farm in question consists of 150 acres and is considered a most desirable property.

## PARK BOARD HELD MEETING THURSDAY NIGHT

Work on Golf Course Is Progressing—May Establish Playground at Duncan Park—Circular Walk for Central Park.

The park board had an important meeting last evening and transacted considerable business.

It was decided to increase the size of the Nichols park playground apparatus to greater dimensions, so that more children will be able to play at the same time.

The main grading on the south end of the park is done and the teams are now at work grading for the golf course. A good beginning has been made and the work is going right along. General Manager Titus of the Chicago & Alton road has announced that he will haul cinders for the extension of the walk on the west side of the park to the new foot bridge to be erected, charging merely cost for hauling which will not be very great.

The matter of establishing a regular playground in Duncan park was brought up and received due consideration and will be further investigated and regarded by the board to the end that the children in that part of the city may have ample facilities for play.

A custodian and policeman were elected, the former for a year and the latter for the season at Nichols park. The board did not make public the names of the appointees.

Mayor Rodgers appeared before the board and presented a project for the improvement of Central park. The walks thru the park now are not in shape to turn water properly after a rain and it was suggested that they be supplied with gutters at the side so as to remedy the defect. A diagram of another important improvement was suggested. It was to construct a six feet wide circular cement walk, the outer diameter to extend well toward the limits of the park, but not all the way. At suitable distances place especial foundations for the park seats and have them securely anchored so that they will all the time be in one place and the man sitting on them and spitting on the walk will be punished.

Police regulations in Nichols park will be more rigid than ever this year as the board is determined to have the park free from disorder of any kind.

### THE KIND WORD

"I just want to say before disappearing in the distance," said the traveling salesman, "that this is one of the most comfortable and satisfactory hotels I ever patronized. The grub is good enough for any man, and the beds make a man hate to get up in the morning."

"Doggone it, it makes me feel ten years younger to hear a man talking like that," exclaimed the hotelkeeper. "You just slip this box of cigars into your grip, and if you want to marry the cook or the head waitress, I won't interfere. There would be some fun in running a family hotel if all the guests were like you, but most of my patrons are soreheads, and they'd kick if they were going to be divorced."

"I wonder why people don't realize that they'd get along a whole lot better, and have less grief, if they'd cut out the everlasting kicking, and hand out a package of praise when they see it is deserved. This ding-donged hotel isn't in the same class with some of the world-famous hosteries in New York or London, and I never claimed that it was. It has a hayseed style about it, but a man can come here with a dollar or two and his money will buy a whole lot. How far would that much money go at one of the famous hotels? You couldn't buy a breath of fresh air with it."

"Yet the smart alecks come here and register, asking for a fifty cent room, and they think they ought to be all the metropolitan frills with it. A man was beefing at this desk for half an hour last evening because he couldn't have a private bath and a breakfast in bed, with a room he paid fifty cents for. Nine men out of ten have some kind of a kick to file when they pay their bills, and it makes my heart sick to hear them, altho I try to look as the I didn't care a hoot."

"And then you came along and confessed that your bed was good for sleeping purposes, and that you could eat the victuals without first breaking them up with a hatchet, and you let some sunshine into a doggone bleak and cloudy day."

"Hotelkeepers are human, reports to the contrary notwithstanding, and they appreciate a send-off as much as any men. It may be nine years before you come this way again, altho I hope it won't be nine weeks; and whenever you do come, you will find the word 'Welcome' in large red letters on the doormat of this hotel."

You will have fresh eggs laid by fresh hens, for your breakfast, and everybody in the caravansary will hustle around to see that you are comfortable.

"I may be dead then, and rather think I will be, for this weather is settling on my lungs, but whoever succeeds me will know all about you, and will keep a fatted calf in the woodshed for your benefit. Just go on, young man, praising hotelkeepers, and they will see that your life is a path of roses."

**MOTHER! GIVE CHILD  
"SYRUP OF FIGS" IF  
TONGUE IS COATED**

If Cross, Feverish, Sick, Bilious,  
Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a tea-spoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and grown-ups plainly printed on the bottle. Be aware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

**EAT WITHOUT FEAR  
OF INDIGESTION OR  
SOUR, ACID STOMACH**

Instant Relief! "Pape's Diapepsin" Ends Your Stomach Trouble Forever.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.

**OUCH! MY BACK! RUB  
LUMBAGO PAIN AWAY**

Rub Backache Away With Small  
Trial Bottle of Old "St.  
Jacob's Oil."

When your back is sore and lame of lumbago, sciatica or rheumatism have you stiffened up, don't suffer! Get a small trial bottle of old honest "St. Jacob's Oil" at any drug store, pull a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Adv.

Montgomery, Ala.—The building of a library memorial to the memory of Amelia Gorgas, who served as librarian at the University of Alabama for a generation, has been proposed and approved by the university authorities. Amelia Gorgas was the wife of General Josiah Gorgas, of the Confederate army, who was once president of the university, and the mother of Surgeon General William Crawford Gorgas of the United States army, the man who cleared Cuba and the Canal Zone from insect pests. Her maiden name was Amelia Gayle. The library memorial will cost \$100,000 and will be one of the finest tributes ever paid to an American woman.

Washington—The tea dance and Mt. Carmen entertainment to be given today for the benefit of the Association for Industrial Education of Mountaineers of Virginia, is interesting the ladies of the capital. Mrs. Woodrow Wilson is identified with the organization, and Mrs. Claude A. Swanson, wife of Senator Swanson of Virginia, is president. It is the aim of the workers to maintain the support and education of orphan children, or those whose parents are not able to help them. It is said that the mountaineers are accepting gratefully the opportunities being offered to their children.

Philadelphia—Philadelphia society has a pointed interest in the struggle going on in Mesopotamia, for Brig. Gen. Offley Shore of the British army is well known here, having married Miss Caroline Sinckinson of Philadelphia. Travelers from this city who have visited India were well entertained by the British officer. At present General Shore is chief of staff of the expedition to Mesopotamia. At the time of his marriage, General Shore was a colonel, serving on military duty in Canada. He was training the men and officers who are doing such splendid service with the Colonials.

Wellesley, Mass.—The class beauty of the Wellesley seniors this year is Miss Priscilla Barrows of Hartford, Conn. She will be mistress of ceremonies in the Tree Day pageant. Her attendants, chosen also because of their beauty, will be Miss Marion Mitchell of Philadelphia, Miss Pauline Shorey of Dover, N. H., and Miss Madeline Gibson of Calumet, Mich. Miss Barrows, the class beauty, pulled an oar on her class crew, has appeared in dramatics, and is president of Zeta Alpha society.

Chicago—Three generations of woman lawyers is a new record to emblazon the forward march of the sex. Mrs. Florence W. Stephens of Circle, Mont., who is attending Hamilton College of Law, was recently admitted to the bar, is the third generation. Her grandmother was one of the first women ever admitted to law practice. She handled the legal end of her husband's business. The mother of Mrs. Stephens practiced in Brookings, S. D. A short time ago, Mrs. Stephens motored to Chicago to take her degree, bringing her six-year-old daughter with her. Her daughter also intends to be a lawyer, and keep up the chain of woman attorneys in the family.

St. Stephen, N. B.—Miss Lois Hazen Grimmer, daughter of Hon. Justice Grimmer of the supreme court of New Brunswick, is the first Canadian girl to be accepted for overseas service as a chauffeur in the war zone. Miss Grimmer is well qualified to fill her appointment, for she is an expert mechanic. She has always operated her own automobile and done her own repairing.

New Orleans—Two hundred thousand dollars to establish a tuberculosis hospital is the magnificent gift of Mrs. Eva Christine Butterworth Dibert, to the city of New Orleans. The hospital will be a memorial to the lady's late husband, John Dibert. This is the largest single gift to alleviate human suffering and conserve human life ever made in the south.

Springfield—Tablets are being distributed free by the city waterworks department to citizens contemplating visits away from town, which will enable them to sterilize water less pure than Springfield's in fifteen minutes treatment. "We don't want people to return from visits and bring typhoid fever with them," said Commissioner Spaulding head of the waterworks department.

The present teachers at the asylum are civil service employees. Some arrangement will have to be made for them.

"This is not like getting your hair cut by student barbers," said Fred Kern, president of the state board of administration. "The people of DeKalb consider themselves fortunate because their children receive instruction from the students at DeKalb Normal."

Rolla Billings of Chicago visited with Miss Lois Maine this week. Mrs. Geo. Barnes visited in White Hall this week with her daughter, Mrs. E. A. Knight and family.

The two days County Institute is being held here this week in the Baptist church, Thursday and Friday. There are 72 teachers in Scott county, who should attend. A very interesting program has been arranged and a large attendance is expected. The Ladies of the Christian church are serving dinner and supper in the Funk Building to accommodate the visitors who will be here.

No school is held here this Thursday and Friday, on account of the Teachers' Institute.

A. C. Barnes was in Jacksonville Wednesday.

The open meeting of the Household Science Club which was to have been held at the home of Mrs. W. T. Knox Wednesday night was postponed on account of the death of Mrs. Curtis Settles who was a relative of two of the club members.

Those attending the Settles funeral in Roodhouse Wednesday afternoon were F. F. Clark, Mr. and Mrs. Will Clark, Mr. and Mrs. L. C. Funk, Mrs. Anna P. Caldwell, Miss Emma McCracken, Mrs. Herbert McConnell, Mrs. John Langdon, Mrs. Ed Rousay, Mrs. R. C. Curtis and Mrs. Cunnick Andrus. The last 3 named represented the Eastern Star order from this place.

Miss Mary McCracken has returned from a six months stay in New Mexico with her sister, Mrs. W. A. Stambaugh. She also attended the two expositions in California.

Mrs. Claude Heaton and baby Clara Katherine expect Thursday in White Hall with relatives.

Mrs. J. C. Lukeman has been summoned to Springfield by the illness of her father, M. J. Baum, who is about to have a serious surgical operation performed.

### THURSDAY IN CONGRESS.

### CONTRIBUTIONS TO MONUMENT.

The first bona fide offer of contribution to defray the expense of building the proposed Morgan county monument to commemorate the valor of the soldiers who served in the various wars in the past, and who enlisted from old Morgan county, comes from Chicago, and is the offer of Mr. and Mrs. John Leonard Freeman, of 1037 North Sacramento boulevard. If outsiders take such an interest in the matter it ought to prove an incentive to home folks to redouble their efforts to make the project an overwhelming success. And we believe they will for this generation owes a debt of gratitude to the soldiers of the republic which they can never repay for it is due to their heroism that we have but one flag, one country and one constitution, and every man, woman and child, which compose the grand total of 100,000,000 of our population stands on an equality before the law. Let us not forget that it was the blood of the soldier that cemented the union of states and washed the flag from the foul stain of human slavery and made it a symbol of power and glory to be honored and respected by the nations of the earth, as it is today. The soldiers of the sixties not only saved the union, but at the same time saved the south from self-destruction, for a divided union meant easy picking for the great powers beyond the sea. They not only did this but they made the dollar in your pocket worth one hundred cents in every civilized country on the globe. They did all this and more. They made it possible for the boys of '98 to change the map of the world in ninety days when they struck the shackles from bleeding, suffering Cuba which had been under the dominion of the cruel Spaniard for centuries, and as a result made it possible for the Gem of the Antilles to set up a republic similar to our own and run it as a free and independent nation, knowing that if need be they would be protected by all the power assembled beneath the American flag. Morgan county soldiers were a part and parcel of the mighty force that brought these conditions about and their memory is surely worth preserving for future generations to emulate and die, if need be, to preserve the institutions earned by the blood of those who stood as a wall of fire and steel between the fair homes of the north and war's desolation.

The present move to build a monument to the heroic dead of Morgan county ought not to fail, and we believe it will not, for there are enough sons and daughters of the heroes of that great crusade for human liberty to carry it thru, to say nothing of the thousands of others who will delight to honor the memory of our country's defenders who marched and fought and bled and died rather than this government of the people, for the people, and by the people, should perish from the earth."

These heroes sleep the sleep that knows no waking in the silent cities at Diamond Grove, in Calvary, in the old East cemetery, where rests the hallowed dust of John J. Hardin, who nobly fell at Beuna Vista, leading the First Illinois infantry, in which were two companies of Morgan county boys; and Col. Matthew H. Starr, whose star of glory set before it had reached its zenith; Col. M. F. Wood of the 15th Illinois, who commanded one of the first companies from Morgan county in the civil war; and three members of Co. G, First Mo. cavalry, who were the first to fall on the battle from Morgan county, and scores of others sleep there beneath grassy mounds. There are as many more in the silent city at Diamond Grove, among the many the dust of the great war governor, who stood at the helm of the ship of state as she plowed through billows of crimson tempest, whose name and fame was known throughout the union, the name of Richard Yates stood as a synonym for all that was best in a representative republic such as we enjoy today. Quite a number rest in everlasting repose in Calvary, just north of Diamond Grove, and in every church yard in Morgan county some of these heroes of the great war are sleeping their last long sleep, all safe and free from the cares of this life resting peacefully beneath the aegis of the flag whose shining folds are kissed by the sun in all climes and honored by crowned heads, and crowns yet to be, unless the great world war casts them into the scrap heap, which is a consummation devoutly to be hoped and prayed for.

So, in honoring the memory of our martyred dead, we honor ourselves for honor is the chief cornerstone on which rests the hope of the republic and the glory of the flag these heroes died to save.

**PREDICTIONS OF SHORTAGE OF  
SPRING ACREAGE LIFT WHEAT**

Prices Close Nervous, 1% to 2% Cents  
Up—Corn and Oats Gain.

Chicago, March 30.—Assertions

that the crop promise in Kansas was not up to the average of the last ten years and could not be relied on to offset the losses in other states cut a decided figure today in forcing the wheat market sharply higher. Prices closed nervous, 1% to 2% up to 2% to 3% up, with May at 1.14% @ 1.14% to 1.14% up from 1.12% @ 1.12%.

Corn gained 4c to 1c and oats 2c @ 3c to 4c.

Provisions, the outcome varied from 2% decline to a rise of 7% to 10c.

Increasing predictions of a shortage of spring wheat acreage as compared with last year tended noticeably to act as a spur to the buying side of the wheat market. A reduction of 30 per cent in Canadian acreage was talked of even under the best possible conditions from now on.

Corn responded to the strength of wheat and to reports of decided improvement in the export and domestic shipping demand. The outlook was for decreasing stocks at Kansas City. Oats worked higher with other grain. Besides, weather conditions were against seeding.

Provisions developed some firmness on account of the bulge in grain.

At first, however, declines in the value of hogs acted as a drag on the market.

# IS YOUR HEALTH WORTH \$5.00?

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to come to Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months

was a well woman after three doctors said I never would stand up straight again. I was a mid-wife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—MRS. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displace- ments, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

## Got Rid of My Corns With Magic "Gets-It"

Simplest Corn Cure in the World—No Pain, No Fuss, New, Sure Way.

When corns make you almost "die with your boots on," when you've soaked them and picked them and sliced them, when corn-swelling

comes, when the pain grows worse,

then try the new "Gets-It."

Charles cared for him tenderly until Death released him from suffering, January 20, 1904. Since that time he has remained with his mother, and has been exceptionally faithful and true until her condition became such that the rest must come to his assistance, when all nobly responded who could come at all.

Beside her children Mrs. Holmes leaves to mourn her loss, 42 grandchildren, 17 great grandchildren,

who will miss her sadly, and many nieces and nephews who will linger long and lovingly over the blessed memory of "Aunt Clara" as they tenderly called her. She leaves also a large circle of friends who have long known and loved her.

To Charles, especially, will come the saddest hours.

December 3, 1887, Mr. and Mrs. Holmes were baptized by Rev. A. J. Kane, of Springfield, Ill., and the next day took membership at Oak Ridge near Literberry, Ill.

At her death Mrs. Holmes' mem-

bership was at Ashland. She passed away peacefully, a very happy dear

one who had lived more than three score and ten years.

Surely her children have a happy

recollection of mother.

The funeral of the late Mrs. W. W. Holmes was held in the Christian Church at Ashland, Ill., Wednesday afternoon, March 23, at 2 o'clock, where a large concourse of relatives and friends gathered to pay the last tribute of respect to one who had lived a long useful life.

Rev. C. G. Cantrell, pastor of the Christian Church of Literberry, conducted the services, assisted by Rev. B. P. Johnson of the Baptist Church of Ashland. He read the Scripture lesson and prayed for the sorrowing friends.

Rev. Mr. Cantrell spoke many comforting words to those who mourned, and words of warning to those who had not made preparation for the great change as Sister Holmes had many years ago.

Music was furnished by a Quartet of the Christian Church composed of Thomas Shelton, Leland Harbour, Mable Parsons and Ethel Shortridge.

After the service the cortège wended its way to Yatesville Cemetery to lay away all that was mortal of Mother Holmes. The body was laid by the side of the husband.

The bearers were Harry Grady, Luther and Lee Flinn, Earl and Harry Holmes, Grandsons of the deceased.

The many beautiful flowers were cared for by Mrs. Little Lewis and Misses Jessie Flinn, Sidney Robinson and Jessie Holmes, Granddaughters.

Beneath the mound of flowers we laid her away in the last long sleep, hoping to meet again on the Resurrection morn.

#### OBITUARY

## OUR BIGGEST NEED IN MEXICO

By HENRY WOODHOUSE IN THE INDEPENDENT

Mrs. Wm. W. Holmes passed away at her home in Ashland, Ill., March 21st, 1916, after several years of illness, incident to senility. Her life passed out peacefully and quietly at the age of 82 years, 4 months and 24 days.

Truly it may be said of her, "Thou shalt come to thy grave in a full age, like as a shock of corn cometh in his season." Job 5:26. She was the last one of a large family.

Clarissa Coker, daughter of Dennis and Mary Coker, was born Oct. 27, 1833, near Sinclair, Illinois, Oct. 26, 1884, she was united in marriage to Wm. W. Holmes, a native of Indiana and early left an orphan, he came to Illinois with relatives in his childhood at her father's home near Sinclair.

To this union were born eleven children, seven girls and four boys. They are Mrs. Delia J. Hubbs, Mrs. Effie L. Hubbs, Mr. Wm. H. and Charles W. Holmes, all of Ashland, Mrs. Mary H. Robinson, Mrs. S. Elizabeth Gray of Jacksonville, Mrs. Lydia J. Keltner, Mrs. S. Abbie Flynn of Sinclair, Thomas J. Holmes, Yatesville, George R. of Kirksville, Mo., and Mrs. Josephine Zirkle, Literberry.

These children are all living, and with the exception of G. R.; Mrs. Grady, and Thomas were at her bedside when her spirit took its flight. All are married except "Charlie" Holmes and have children. Her youngest daughter is 37 years of age.

Mrs. and Mrs. Holmes moved from the farm near Sinclair sixteen years ago to Ashland, Charlie the youngest son went with them.

The father had a stroke of paralysis before leaving the farm and had other strokes after his removal to Ashland.

Charles cared for him tenderly until Death released him from suffering, January 20, 1904. Since that time he has remained with his mother, and has been exceptionally faithful and true until her condition became such that the rest must come to his assistance, when all nobly responded who could come at all.

that she gives during the next few days. Is she a persistent milker, or does she soon go dry? Is she bred? If so, ask to see the herd bull. Ask to see some of her calves. Is she an easy keeper or does she require so much feed that there is no profit on her milk? Is she quiet in the pasture or has she the habit of jumping fences? Is she a chronic kicker? Has she ever been tested for tuberculosis?

If you buy the cow, find out just what sort of feed she has been getting. Then if you change her feed when you take her home, do it gradually. If you have no silo and purchase a cow that is used to silage, you must expect the quantity of milk to drop.

Be especially careful when buying at sales. The majority of prospective purchasers do not take the trouble to look the stock over before the day of the sale. This is a mistake, for one always sees things at their best on that day. If the cow's hair is naturally rough, the owner spends considerable time with the currycomb. If she is a poor milker, she is not milked for twenty-four hours or more previous to the sale. If she is an undesirable cow, she is put with several others when she is sold. Ask the car-load buyer, with years of experience back of him, what his "batting average" is when it comes to picking good cows.

No wonder many say it pays best to raise them.—Melvin C. Smith, in the Farmers' Review, Chicago.

#### OVERWORKED MINISTER

Tells How Vinol Restored Strength and Vitality.

Jacksonville people will realize that we could not publish such letters as the following if they were not genuine and truthful statements of facts. The Rev. Mr. Hughes, Holly Springs, Ark., says:

"I am a Methodist Minister, and suffered from broken down nerves, loss of appetite and sleeplessness. I was weak, my circulation was very poor, and I was not able to do my duty in my Parish as I felt I should. I had tried various remedies but did not seem to get any better. Through Mr. Gatlin of Bearden, Ark., I learned of Vinol, and it built me up. I regained my appetite, can sleep better and do more work."

There is no secret about Vinol, it derives its power to build up the overworked, breakdown, nervous system from the medicinal extractions of fresh cod livers without oil combined with tonic iron and beef peptone.

Anyone in Jacksonville who wishes to try Vinol can do so with the understanding that we will return their money if they are not satisfied. Lee P. Alcott, Druggist, Jacksonville, Ill.—Adv.

## Some Topics of the Farm

### CARE OF SOW AND PIGS

Preparedness at Farrowing Time is Money Saved—Proper Handling Prevents Losses.

(Government Bulletin.)

Farmers who intelligently feed and care for their pregnant sows, so as not to overload them with fat, but instead give them feeds for the development of bone and muscle, are on the right road toward the production of strong, healthy litters. Their preparedness program, however, does not end here.

Two weeks before farrowing the sow should be put into a parrowing stall so that she will become acquainted and contented in her new quarters. The parrowing pen should be dry and free from drifts. Provide the pen with a guard rail made of 2 by 4 inch planks set 8 inches from the wall and 8 inches from the floor to prevent the sow from crushing the pigs against the wall. Use only a small quantity of bedding leaves or straw and preface, see that the sow has plenty of fresh water.

It pays to keep the sow quiet. Assistance at the time of farrowing should be at hand if needed, but the sow need not be helped if she is getting along well. In cold weather provide the newly born pigs in a well-warmed basket, and after farrowing is over the pigs should be placed with the sow, care being taken that each one gets a teat. When the afterbirth is passed, it should be removed from the pen at once and burned or buried.

After farrowing, the sow should have nothing but water and a little thin slop for the first day. The feeding for the first three or four days should be light, and the time consumed in getting the sow on full feed should be from a week to 10 days, depending on the condition of the sow and the size and thirst of the litter. It takes plenty of sow's milk to make healthy, growing pigs. If the pigs begin to scour, feed the sow less and give her plenty of strong lime water.

It is very necessary that the little pigs have plenty of exercise and all the sunlight that can be given them. Do not allow the pigs to run out during a cold rain. If possible, provide green feed or roots. These keep the sow healthy and cheapen the ration. Encourage the pigs to eat grain after they are three or four weeks old. Build a creep for them to feed alone. At this age feed for bone and muscle. Give them all the skim milk you can. If skim milk is not available give them some meal and plenty of pasture. By putting into practice the essential points above mentioned the number of pigs raised to weaning should be increased. Hogs never fail to respond to good care. Kind treatment always means contentment, with its corresponding profits.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous excretions which put up your feet and cause sore, inflamed, aching, sweaty feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to brother or make you limp any more.—Adv.

Can't Beat "Tiz" for Sore, Tired, Swollen, Calloused Feet or Cornus.

Ask questions freely. How old is the cow? How many pounds of milk does she give in a day? If the owner is not weighing his milk, request him to weigh carefully the amount

## Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube is sufficient for 6 weeks' daily treatment. Get Senreco of your

That Johnny Kilbane has forfeited his title to the featherweight championship, is the claim of many sport writers, as the outcome of his refusal to honor his agreement to meet George Chaney at Baltimore.

**Questions About Food**

Answered by ALFRED W. McCANN.

Q. I desire to know what foods since vast improvement will be noted in her condition.

A to X. Y. Z.—Your question is so similar to that of Mrs. Julia A. H. that the same answer applies.

Q. Please print a diet for my boy, two and a half years old. I cannot afford to take the child to a baby specialist, but instinctively realize that his food is responsible for his present condition. He is greatly troubled with constipation, has swollen glands in the neck, and perspires profusely.

Anxious Mother.

A. The diet list you ask for will be published in its proper place in the food journal in connection with the food articles now appearing Mondays, Wednesdays and Fridays. In the meantime you should call up the health department and make arrangements to take your child to a free clinic for diagnosis and treatment.

Superficially considered, the trouble seems to be tuberculosis of the cervical glands, possibly of bovine origin due to infected milk, ice cream, or butter.

Bovine tuberculosis is transmissible particularly to children under sixteen years of age. The younger the child the more prone are its tissues to afford a fertile feeding ground for the tubercle bacillus.

Proper feeding, together with judicious treatment, will in most instances arrest the progress of tuberculosis and restore the child to health.

In the meantime do not allow the child to consume raw milk, ice cream of unknown origin or raw butter. Pasteurized dairy products are most necessary in the prevention of tuberculosis of the glands and joints among children.

Include ripe orange juice, egg yolks (one a day), plenty of Grade A pasteurized milk, whole wheat bread, baked potatoes, old-fashioned vegetable soup, any stewed vegetables served in their own sauce that the child will eat, and any ripe fruit that you can obtain, such as apples and ripe bananas.

If the child has unfortunately been taught to crave for sweets satisfy its craving, for the present at least, with pure honey, pure maple syrup, and unsweetened stewed fruits such as dates, figs, and prunes.

In the meantime do not neglect the clinic.

**PHILADELPHIA.**

Members of the Ladies' Aid society of the Methodist church were pleasantly entertained Wednesday afternoon at the home of Mrs. Frank Frech. A part of the time was spent in sewing and music was an enjoyable feature of the program. Light refreshments were served.

A daughter arrived recently at the home of Mr. and Mrs. Virgil Nichols.

Dr. H. W. Broberg arrived recently from East St. Louis and will at once take up his duties as superintendent of the serum plant. Dr. Edward Giller, former superintendent of the plant, will resume active farming.

Mrs. James Haddock has taken a position at the Leader during the absence of Mrs. Charles Walton, who was called to East St. Louis by the illness of her sister-in-law, Mrs. Charles Dodgson.

Preparations are now being completed by the Royal Neighbors for the initiation of a class of sixty on April 7. A banquet is to be served and a good time generally is anticipated. A number of the members expect to attend the county convention at Greenfield tomorrow, the delegates from White Hall being Mrs. Wesley Frame and Mrs. T. K. Young.

Mrs. Clara Scroggins is a guest at the home of her sister, Mrs. Vena Nichols. They expect soon to remove to Michigan.

Word has been received here of the death of Helen Ryan, 4-year-old daughter of Mr. and Mrs. William Ryan of Enid, Okla. Death was the result of an attack of scarlet fever and pneumonia. Mr. Ryan was for some years a resident of White Hall and was employed at the Fox Furniture store.

The jury in the Thorpe-Whitworth murder trial was unable to reach a verdict, nine being for conviction and three for acquittal. The case will probably be continued in the fall term. Thorpe must furnish a \$400 bond or be remanded to the county jail.

Born, to Mr. and Mrs. Fred Mitts, a daughter, Hazel Maxine. Mrs. Mitts was formerly Miss Pansy Raines.

Miss Manta Lytle, who has been attending Normal the past winter, is spending the spring vacation at the home of her parents, Mr. and Mrs. Thomas Lytle, Friday. Miss Lytle and her father were guests of Isaac Little, who is at a sanitarium in Jacksonville.

Carl Lowenstein and Carrol Fanning have gone to Chicago and while there expect to book some first class plays for the Princess theater.

Mrs. Margaret Blair is now making her home with her niece, Mrs. Charles Evans.

### STATE AID FOR FOUR HUNDRED AND SEVENTY MILES OF ROAD

Engineer Marrs Tells of Work to Be Done This Year—\$20,000,000 in Highway Bonds Planned for Thirty Counties.

In a statement with reference to road improvement work to be done this year in Illinois, W. W. Marrs, chief engineer of the state highway commission, has the following to say:

It won't be long before Illinois will be famous for her good roads instead of notorious for her bad ones, if the present enthusiasm for better roads continues to grow in the next few years as it has in the last year or so.

It was a big step out of the mud for Illinois when the 1913 legislature passed the Tice road and bridge law, which provided for a systematic method of improving the roads to make them commensurate with the standards of progressiveness which the state has set for herself in other matters.

The Tice road and bridge law provides for the construction of a connected system of permanent roads, built at the joint expense of the state and county. In counties of the first class 15 per cent of the entire road mileage of the county is to be improved with the help of the state; in counties of the second class 20 per cent, and in the counties of the third class 25 per cent.

### System Outlined.

Immediately after the passage of this law the state highway department proceeded to outline a system of roads to be known as state aid roads, to be improved in accordance with the provision of the new road law.

The county boards of the various counties were called upon to prepare maps of their counties showing the roads which they desired to designate as state aid routes. These maps were then revised by the state highway commission so as to connect the various routes of the individual counties; the ultimate result being that there was developed a comprehensive plan for a system of permanent roads.

Sixteen thousand miles of roads are included in the designated state aid routes out of a total state mileage of 96,000. It is conservatively estimated that these routes, which are designated for state aid improvement, while but 17 per cent of the total state mileage, carry fully 80 per cent of the traffic.

The legislature in 1913 appropriated \$1,100,000 for state aid road work for the biennium of 1914-1915. The following session of the legislature in 1915 appropriated \$2,000,000 for the biennium of 1916-17. These appropriations are allotted to the counties in the proportion of the road and bridge tax of the county and must be met by like sums before they can be available to the county.

### The Record of Last Year.

At the close of the last calendar year there had been constructed some 115 miles of state aid roads, of which 90.5 miles are of concrete, 22.4 miles are brick, 1.2 miles are gravel, and 1 mile macadam. There were also eighty-one bridges included in the state aid work up to this time. The total cost of this construction was \$1,497,407, which was met equally by the state and counties.

Besides the state aid road construction mentioned, the state highway department supervised the building of some eighty-two miles of township roads in the state in 1915. These roads were paid for by the townships by means of some special tax or bonds. The state highway department assumed supervision of the construction, loaned to the township the road machinery owned by the state, and sometimes furnished a man to operate some of the machinery furnished.

In many cases stone for some of these roads was furnished free to the township from the quarries at the two state penitentiaries.

This year a good many of the counties will use their state aid allotments for the purpose of constructing oiled earth roads. There is a great deal of enthusiasm in the state just at present for this type of road, altho there are many road experts who are quite skeptical as to the economic value of oil in this type of construction. The state highway commission, while it does not recommend an oiled earth road for heavy traffic, has consented to the use of the state aid money for the purpose of oiling roads where the travel is comparatively light, provided that the road is properly graded and drained.

### THE BIRTH RECORD.

Born, to Mr. and Mrs. Albert Biggs of East Chambers street, Thursday, a son.

Born, Wednesday, to Mr. and Mrs. Henry Tendick of West Chambers street, a daughter.

Born, Thursday afternoon to Mr. and Mrs. Mark Baldwin of Duluth, Minn., a daughter, Margaret Baldwin. Mrs. Baldwin is a sister of Dr. Carl E. Black.

of building state aid roads the law provides that the future allotments from the state can be used if met with a similar amount by the county in paying off these bonds.

The advantages of this method are manifold. It enables the people to pay for the road at the same time they are using it. It does not throw the burden of cost on the taxpayer of today for an improvement which will last for a score of years, and be a constant benefit to the taxpayer of the future. When a system of roads is constructed with money raised by a bond issue, those who get the benefits pay the costs, which undoubtedly the way a public improvement should be paid for.

Furthermore, if fifty miles or more of road are constructed in a county at one time, the unit cost will be much less than if the fifty miles or more of construction are spread over a period of seven or eight years. It is always cheaper to buy in large quantities and this law applies to roads as well as to any other commodity.

In Vermillion and Cook Counties.

Vermillion county was the first county to issue bonds for the purpose of constructing their designated system of state aid roads. They voted to issue bonds to the amount of \$1,500,000 for the purpose of constructing 175 miles of permanent roads. Cook county has issued \$2,000,000 in bonds for hard roads.

The enthusiasm for this plan of financing the construction of state aid roads by bond issues is growing every day. The plan of getting all the roads improved at one time without placing a heavy tax burden on the people appeals very much to the counties. This is evidenced by the fact that at the present time there are some thirty counties in the state contemplating such bond issues, the total amount of which approximates \$20,000,000—ten times the amount appropriated by the last legislature for the purpose of road construction for a period of two years.

### WITH THE SICK.

WASHINGTON, March 30.—The Burnett immigration bill, with its literacy test and Asiatic exclusion provisions unchanged, passed the house late today by a vote of 308 to 87. It now goes to the senate, where favorable action is regarded as assured.

The literacy test, about which the fight against the bill had centered, was sustained 284 to 107. This provision has been the cause of vetoes of similar immigration bills by Presidents Cleveland, Taft and Wilson. The house passed the bill over the Cleveland veto, but it failed in the senate. Motions to override the vetoes of Presidents Taft and Wilson were lost in the house by narrow margins.

Representative Burnett, chairman of the immigration committee, predicted tonight that there was sufficient strength to repass the bill in the event of another veto. The president has not indicated his purpose to the house leaders. are glad to be at home.

## CENTENARY REVIVAL INTEREST GROWS EACH NIGHT

Need for Supreme Love of Righteousness Is Urged—Announcements for Today.

Interest is increasing in the revival services at Centenary church. At the services Thursday evening there was a large attendance. The choir again sang in an effective manner. Mr. Moon for a solo sang "Drifting Away."

The opening prayer was by Rev. W. W. Theobald, pastor of Brooklyn church. Mrs. Moon announced a cottage prayer meeting for this morning at the home of Mrs. Homer Rowland, 128 Richards street. The subject will be "The Method of Jesus in Soul Winning." The Rev. Mr. Flagge announced that his subject for tonight's sermon will be "Judas in Hell." For the sermon Thursday evening Rev. Mr. Flagge took the following text:

"He that loveth father or mother more than me is not worthy of me; and he that loveth son or daughter more than me is not worthy of me. Matt. 10:37.

"Luke says a man's wife, and his life also are to be loved less than Jesus to be worthy of Him.

"Compare this with what Jesus quotes as the first and great commandment, and we see the Man of Galilee claiming he is God.

"There are those to whom this is a hard saying, but the story of Adam in the garden of Eden emphasizes it as a foundation truth of man's relation to God. Eve was deceived, and Adam followed in her sin because he loved Eve more than his friend who came to walk and talk with them at eventide, and whom he had learned to know as God, which demonstrates his unworthiness of God, or he would still have been out in the pathway to meet God when He came. Eve loved her life more than God, and was equally unworthy. They wandered away into hiding because they had lost their sense of the God-direction like a wanderer in a wilderness might lose the sense of direction on a cloudy day. They got lost, and God had to call to them and find them to save them. So is every man, that does not love Jesus supremely today, a man who has gotten lost; and he should heed the call of his friends who would lead him back to faith in Christ."

## FUNERAL SERVICES HELD THURSDAY FOR YOUNG HIGH SCHOOL STUDENT

### DAVID H. NEW DEAD AT WINCHESTER HOME

Large Company Gathered to Honor Memory of Charles King—Interment at Diamond Grove Cemetery.

Funeral services for Charles King were held from the residence on South Main street Thursday afternoon at 2:30 o'clock in charge of the Rev. G. W. Flagge, assisted by the Rev. C. H. Davis. The house was completely filled with friends, many students from the high school being present.

The death of the young man had cast a gloom upon his fellow students with whom he was exceedingly popular. The deceased had not lived many years but his character was sturdy and his characteristics such that he justly held a high place in the regard and affections of those who knew him best.

Music was furnished by a quartet composed of Miss Clara Ranson, Miss Nelle Self and Messrs. T. H. Rapp and Rex Moon. There was a profusion of flowers and these were cared for by Misses Ruby Cully, Loretta Plepenbring, Irene Phillips, Irene Black, Nellie Fels and Dorothy Smith. Interment was in Diamond Grove cemetery and the bearers were: Harry Thompson, Russel McDonald, Earl Priest, Claude Cully, Albion Molohon and John Collins.

## ORGANIZED LABOR OPPOSES SOME VOCATIONAL TRAINING

Claim Is Made That Half Prepared Artisans Result From Present System—Important Conference Begins in Chicago.

Chicago, March 30.—The second annual convention of the Vocational Education Association of the Middle West, which began a three days' session here late today, is to consider especially means of obtaining employment for graduates of vocational courses. It was stated that organized labor has come out openly as opposed to the system of vocational training, in vogue in Chicago and elsewhere, on the ground that such systems threaten to flood the labor market with semi-skilled artisans and so cut down wages. The backers of the convention have stated, that, because of this attitude, graduates of vocational courses are in many cases unable to get employment. They cannot get union cards and are therefore ineligible for work in many communities.

This phase of the vocational problem will be touched on at the Saturday morning session of the convention. James O. Craig, president of the Business Men's Clearing House of Chicago and Charles J. Boyd, superintendent of the Illinois state employment bureau, will suggest how vocational schools could profit by the adoption of certain features of employment agency work. George H. Miller, employment manager of a big mail order concern, will discuss the selection of competent employees, and others will take up various phases of the employment end of the business of vocational training.

Alfred P. Fletcher, assistant superintendent of schools, Rochester, N. Y., will discuss vocational guidance; and the aid to be given pupils in school in selecting their vocations, and J. W. Deitz, head of the department of education of a company manufacturing electrical apparatus will tell what employers find necessary to do in an educational way to supplement the teaching given in public schools.

Frank M. Leavitt, associate professor of industrial education of the University of Chicago, is president of the association, Henry I. Greenbaum, a glove manufacturer, vice president, and William H. Henderson, assistant professor of industrial education, University of Wisconsin, treasurer. Among the educators taking part in the convention will be G. E. Wulffing, director of educational education, Gary; P. M. Hughes, superintendent of schools, Syracuse, N. Y.; William E. Grady, principal Public School 64, New York city; Charles A. Prosser, director Dunwoody institute, Minneapolis; Laundina W. Prince, director School of Salesmanship, Boston; Abby Marrott, professor home economics, University of Wisconsin; Bonnie Snow, Milburn, New Jersey; R. L. Crampton, secretary Illinois Bankers' association; Professor G. I. Christie, department agriculture extension, Purdue university; Frank B. Harris, chairman agricultural commission, American Bankers' association; Alfred P. Fletcher, assistant superintendent of schools, Rochester, N. Y.; Paul Stetson, principal South High school, Grand Rapids, Mich., and others.

The principal speakers at the annual banquet tonight were John D. Shoop, superintendent of Chicago schools, and Jacob M. Loeb, president of the Chicago board of education.

In connection with the convention there is an exhibition of educational devices including motion picture machines adapted for school use, school sewing machines, printing presses and similar "up-to-the-minute" equipment.

The Chicago board of education has arranged that certain rooms be closed today and Friday afternoons for the attendance of teachers in manual training, household arts, the principals of elementary and high schools and one delegate from each high or elementary school.

### J. W. LANE'S FATHER HAS 79TH BIRTHDAY.

J. W. Lane is in receipt of word from Barry telling of the seventy-ninth birthday anniversary of his father, Michel Lane, one of the oldest and most widely known citizens of Pike county. Mr. Lane observed his anniversary Monday, March 20, and his health for the past few months has been somewhat poor, he has been able to walk about town with the coming of warmer weather.

Mr. Lane was born in Dublin, Ireland, March 20, 1837, coming to America while a small boy and settling with his parents in Philadelphia, Pa. He came to Illinois in 1855 and in 1860 was married to Miss Emily E. Bernard. Living children are: Edward B. Lane of Salt Lake City, Utah; Miss Dolly and Fred A. of Barry, and Mrs. Mattie Langerson of Louisiana, Mo.

Mr. Lane ran a harness business early in life and later was engaged in the undertaking business. He served in the Civil War as a member of the 99th Illinois volunteers. He is a member of the Methodist church and stands high in the respect of Barry citizens.
